NOTICE

As advised by the Excise Department, the Rules and Regulations of the Bar are to be strictly adhered to. As such, the Management has decided that the bar(s) will close (i.e. lights to be switched off, premises to be vacated and locked).

- ✓ At 12.00 midnight sharp on normal days.
- ✓ At 1.00 a.m. or 2.00 a.m. sharp (based on special permission/license sought) on Saturday / event nights.

Last drink order should be placed half an hour before closing time.

No members or their guests should be in possession of alcohol after the stipulated time.

The timings are to be strictly adhered to. Non-adherence to the timings (including vacating club premises) will have serious repercussion on the Club. Any report of non-compliance reported by the authority could result in heavy fines and the Bar Licence being suspended/cancelled.

It is a mandatory requirement by the Excise and Police department that the bar premises are to be under CCTV surveillance. The footage of the same can be randomly asked for by the Department. Any non-compliance observed in the footage would invite sanctions from the Excise and Police Departments.

This is a very serious matter and we are constrained to state that stringent measures would be adopted in case of any violation.

The staff have been asked to strictly adhere to the above rules.

Members and their guests are requested to cooperate.

For The Saturday Club Ltd.

Ashis Kumar Dasgupta
Chief Accountant
